SKIRTING BOARDS

MORE THAN... **JUST SKIRTING BOARDS**

WE CREATE

WE TEST

WE PRODUCE

Innovation, quality and know-how. Since 1994 we've been investing in knowledge, technology and our machinery park.

We aim to become market LEADER wherever we are present. We push forward and strive for more to deliver accessories perfectly matched to the products.

**WE TRY HARDER, WE ARE
THE FLOOR EXPERT**

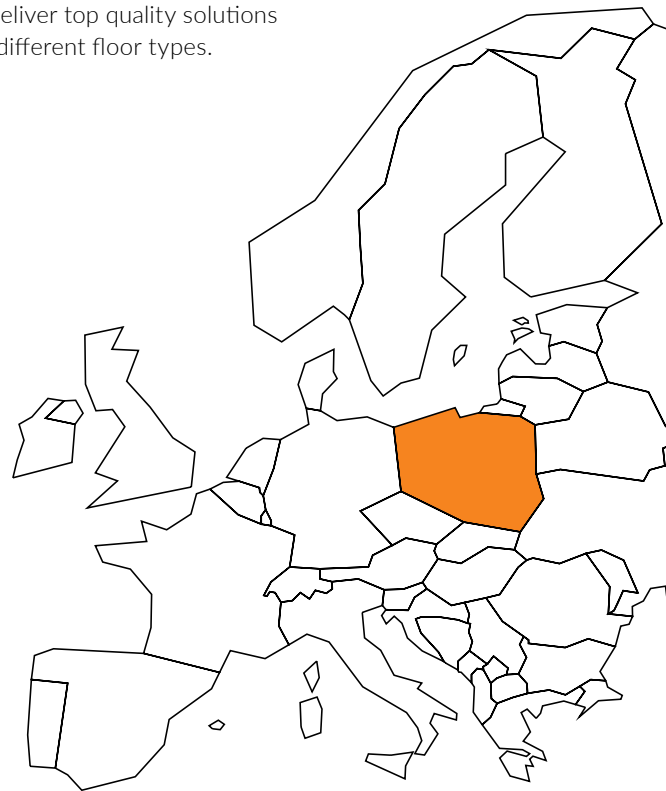

TECHNOLOGY

Our inhouse laboratory is testing hundreds of floors from all major manufacturers to improve our accessories and create a functional flooring system. That's why we know the strongest and weakest points of all types of floors. We also test our underlays to deliver top quality solutions for different floor types.

DESIGN

Every year A.DESIGN STUDIO analyzes trends, changes in consumer preferences and hundreds of new floor colors. That's why we can create customer orientated solutions and stay relevant.

MANUFACTURE

We are an European leader for production of floor accessories. Our technological development allows us to offer great portfolio of products in various technologies.

NEW COLLECTIONS

We do not limit ourselves and stop pushing towards innovation. That is what drives us to create new products. Initially we have set an ambitious goal for our new skirting board.

TORE

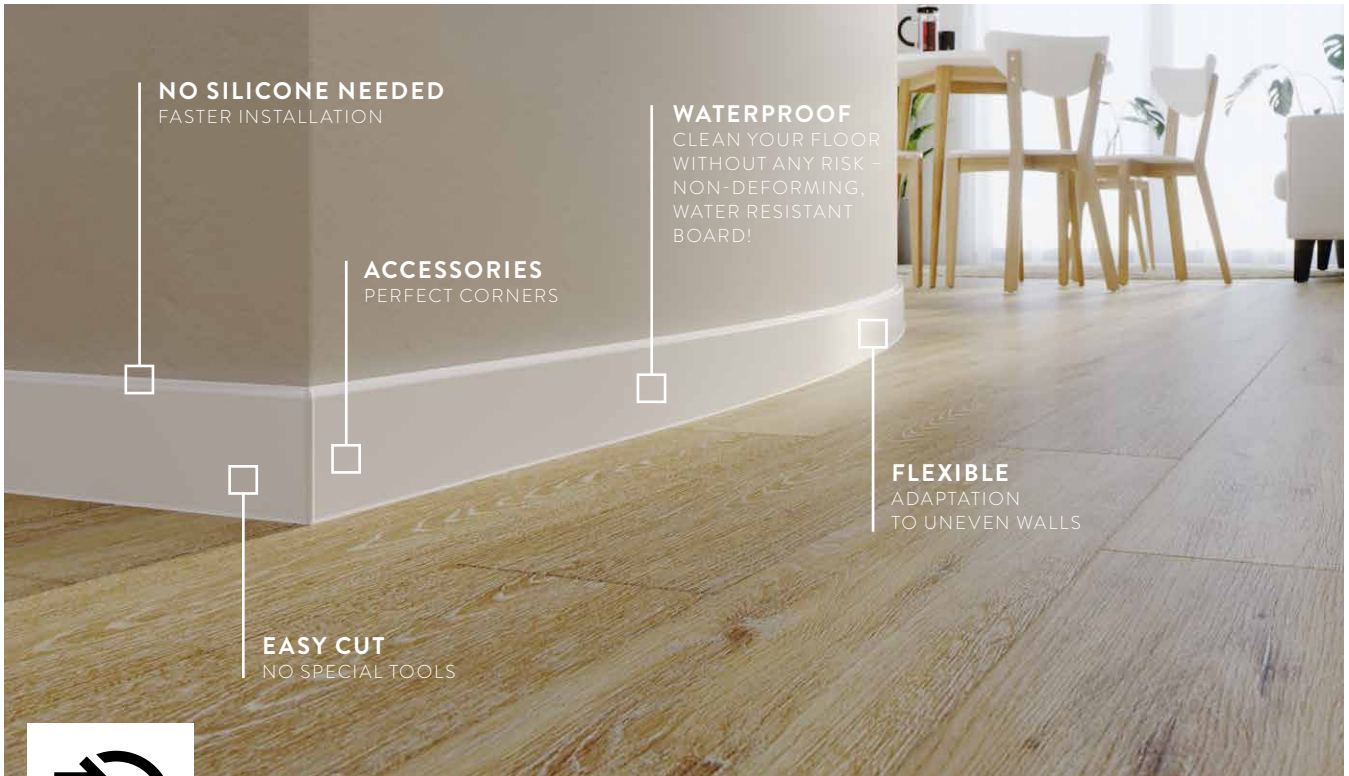

SOLID CORE SKIRTING BOARDS

TORE is our new hybrid skirting board produced in a brand new technology giving it a 100% water resistance as well as a higher abrasion resistance. Due to the highly advanced technology of digital printing - piezoelectric UV LED with high-resolution (up to 1800 dpi), we gained an unprecedented fidelity to raw materials at the surface of the skirtings boards, which now look like actual wood, stone or concrete. It allowed us to ideally match design of the skirtings not only with our floors but also with the most popular designs on the market.

With a multistep process of production TORE gains a perfect matte surface. As a result, skirtings boards obtain a deep thread design enriching each interior and underlining its beauty.

More importantly, used technologies provide the resistance to UV light - the design of the skirtings stays protected for years without discoloration and the colour remains as intensive as at the moment of installation. Except for the design, we also took care of the practicality. Due to the water resistance and matte surface, TORE is easy to clean. It will not be damaged in the process of scrubbing or vacuuming.

In addition, our product is environmentally safe. The printing technology is using the VOC Free and solvent-free inks and is eco-friendly. All these factors resulted in an excellent product which we are proud to share with you.

NO SILICONE NEEDED
FASTER INSTALLATION

WATERPROOF
CLEAN YOUR FLOOR
WITHOUT ANY RISK -
NON-DEFORMING,
WATER RESISTANT
BOARD!

ACCESSORIES
PERFECT CORNERS

FLEXIBLE
ADAPTATION
TO UNEVEN WALLS

EASY CUT
NO SPECIAL TOOLS

VIGO

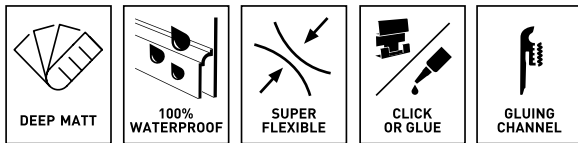

SOLID CORE SKIRTING BOARDS

IT IS TIME TO END WITH DIFFICULT CHOICES. Thanks to our solutions we've created a skirting board in hybrid technology. Now, you have high quality surface of lacquered MDF skirtings and the flexibility and waterproofness of PVC skirtings.

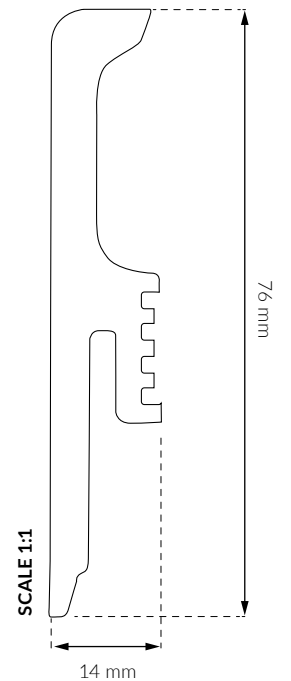

What else? Easy assembly and dirt resistance. Thanks to the additional flexible and integrated seals, we have waterproof barrier on two sides - from the wall and from the floor.

LET'S TAKE A STEP
INTO THE FUTURE.
LET'S VIGO

SYMBOLS

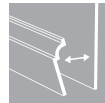

100% WATERPROOF
Clean your floor without any risk – non-deforming, water resistant board!

FLEXIBLE
Flexible adaptation to uneven walls.

IMPACT RESISTANT
Highest resistance and stability.

EASY WALL RENOVATION
Possibility of unfixing skirtings in order to paint or hide TV or audio cable (max 230V).

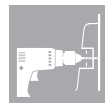

KEEP IT WHITE OR PAINT IT
The board which can be painted. Possibility of fully matching the board colours to the walls of the room.

4 WAY SYSTEM
Solid, fast, simple installation and deinstallation, for any type of wall.

GLOSSY SURFACE
Brilliant shiny finishing.

EASY INSTALLATION
Wide installation channel provides an easy access for a drill or screwdriver. It makes installation quicker and easier.

WOOD EFFECT
The ideal colour and design match, 100% accurate representation of wooden colors.

MITRE SAW
The possibility of cutting corners with a mitre saw.

MANUAL CUTTING
The possibility of cutting corners with a hand saw.

DUST AND DIRT BARRIER
Smooth surface without micropores and harder COEX is perfect for easy cleaning and non adhering dirt and dust.

CLICK OR GLUE
Install the skirting in two ways: glue skirting directly to the wall, or clip - strip easily and remove at any time.

MODERN DESIGN
Unique shape was created for a modern interiors and its simplicity is an answer even for the most demanding.

WOOD STRUCTURE
Structure embossed on the surface, perfectly imitating the real wood.

JUST GLUE
Glue skirting directly to the wall.

DEEP MATT

Thanks to totally new, multi-step process of production we get a deep matt surface.

SUPER FLEXIBLE

Flexible adaptation to uneven walls.

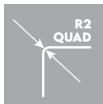

GLUING CHANNEL

special glue channel to prevent the excess of glue from slipping out.

NO SILICONE NEEDED

Integrated and large rubber edges in the color of the skirting adapts to uneven surfaces and gives a solid connection with the wall and the floor resulting in 100% waterproof barrier

R2 DESIGN = 2mm

DIGITAL DESIGN

Due to the highly advanced technology of digital printing - piezoelectric UV LED with high-resolution (up to 1800 dpi)

HYBRID
TECHNOLOGY

HYBRID TECHNOLOGY

The product that combines the advantages of polymer products, like impact resistance and waterproof with high quality surface of lacquered MDF skirtings.

ECO FRIENDLY

The board made of environmentally friendly material.

100% PVC FREE

The board made of environmentally friendly material.

MDF

Skirting board made from MDF covered with coated paper which increases durability. It's not necessary to paint the skirting board before the first installation.

PATENTED

Our technology is patented

The materials awarded this label comply with very stringent health and environmental requirements.

The materials awarded this label comply with very stringent health and environmental requirements.
