# INTRODUCTION

Welcome to the step-by-step guide designed by ImportFromPoland.com! This manual is your key to navigating Poland's largest builders' merchants' webstores with ease and efficiency. Our goal is to empower you with the knowledge to explore, select, and communicate your building material needs effectively to our team.

By following this guide, you'll learn how to quickly identify the products you need, gather all necessary details, and relay this information to us. We'll take it from there, ensuring a smooth, hassle-free process from checking to delivery. Let's embark on this journey together, simplifying your building material procurement with precision and care.

Delivery

## Offer Confirmation

Your dedicated team member will review your selection, confirming prices, availability, and the delivery cost. You'll receive a detailed offer for your confirmation, ensuring everything matches your requirements.

## Choosing Items

Begin by selecting the desired items or materials from the Polish builders' merchants' websites. Add these items to an order sheet and email it to our team at [info@importfrompoland.com](mailto:info@importfrompoland.com) for processing.

## Order Completion

We meticulously complete, check, and pack your order in our warehouse. In most cases, we manage to prepare your order for dispatch within 7 days.

## Payment

Once you confirm the offer, the next step is payment. After we receive your payment, we promptly initiate the processing of your order with the respective stores.

## Completion

As your order nears delivery, we will inform you of the estimated arrival time. You will receive a notification of your delivery window in advance, completing the process smoothly and efficiently.

## Secure Delivery

Your order is then securely delivered directly to your home or site. We use our own transport or collaborate with trusted transport companies, ensuring your items are insured and handled with care.

# HOW TO TRANSLATE THE WEBSITE

**01** Open the Google Chrome browser

**02** Enter the website address

**03** Press options on the right end (3 vertical dots)

**04** In the dropdown menu click “Translate...”

**05** Choose “English” in the pop up

# FILLING THE ORDER FORM

## Item Name

Copy the name of the products into spreadsheets top bar (copying it in the cell will change the font size and make the document harder to read for you)

## Item Link

Copy the full http link to the chosen item (don't need to change the cell width)

## Price PLN

In order to know your price in € (excl delivery) simply enter the gross (incl VAT) price in PLN - the spreadsheet will automatically give you your € price incl VAT

## Quantity

Enter quantity. Where items have m2 price outlined, but are sold per units/packs, enter number of units/packs, NOT m2. Same with the price

# 1.

# PRICE PLN

Enter the gross (incl VAT) price per pack (not per m2). Items like tiles or flooring have prices displayed in m2 to ease price comparison, but those items are only sold in full packs.

The spreadsheet will automatically calculate Euro price, which covers all the logistics within Poland and getting this part of the order ready to ship.  
In short - your final cost without delivery

					Sub Total	€ 377,26	

As soon as you enter the quantity (black arrow), the spreadsheet will calculate the total final cost (excl delivery to Ireland) - red arrow.

At the end bottom of the spreadsheet you'll see the sub-total, so you can keep an eye on the total cost of your list throughout the process.

As you add or remove items or change quantities and price, the the sub-total at the bottom will also change.

Once you're happy with your choices, don't forget to fill out your delivery and contact details and email the list to us on [info@importfrompoland.com](mailto:info@importfrompoland.com)

# DELIVERY COSTS

Whilst we will calculate the best delivery option for you to maximise your savings, you can use below information to try and estimate the expected cost.

A single pallet space rate is around €350 + VAT this will mean a pallet 80x120cm and height up to 260cm. They should also not weigh more than 1300kg

1/2 lorry will cost around €2700 + VAT. This will mean 6m long space by 240cm wide (and usually 280cm height available. This translates to roughly 16 pallets (80x120cm)

Full truck load will give you a whopping 13m long space, big enough to fit up to 33 standard pallets and up to 24 tonnes weight. It will cost around €4200 + VAT

A 40ft HC shipping container will provide almost same space as a lorry at only €2100 + VAT but the offloading is harder. Need site storage? You can buy the container outright and keep it!

# PAYMENT

If you're happy with your offer, we can start the clock once we have received the payment.

Along with your proforma invoice you will receive EUR bank account details, so you don't have to worry about exchange rates etc. What you see on the proforma invoice is what you pay.

Customers who are EU VAT registered businesses will receive the offer at 0% VAT - For this to apply your EU VAT number needs to show as active on EU Commission's VIES website

# DELIVERY

Once we have completed your order and have it ready for delivery we will confirm the progress at 3 stages:

Order ready to load and confirm loading date

Order loaded and confirm expected delivery date

Order in Ireland and expected delivery time (usually a day ahead)
